 Ritika Bhati

Profile

B.Tech CSE (Data Science) | GSSoC'25 Contributor | Building Strong Foundations in DSA with Python | Exploring Java & C | Developing Skills in Excel.

Education

MIET University

Aug 2023 – Aug 2027

Btech in Computer Science

- CGPA: 8.23/10.0
- Coursework: Data Structures and Algorithms, Operating Systems, DBMS, Python, OOPS, TOC

Technical Skills

- Programming Languages:** [Python, C,Java]
- Software and Tools:** [VS Code, Jupyter Notebook, Fpdf, Streamlit, IntelliJ IDEA, Anaconda]
- Other Relevant Skills:** [Data Analysis, Problem Solving, Project Management]

Academic Projects

AI Powered MCQ Generator

- Designed a tool to auto-generate MCQs from uploaded DOCX, PDF, and TXT files,
- Enabled bulk MCQ download in text/PDF format, reduced manual effort by 40%.
- Implemented using Python and Google Gemini API.

Internship Experience

Smart Internz (Generative AI)

Sep 2024-Oct 2024

- Successfully completed a virtual internship in Generative AI powered by Google Cloud and facilitated by Smart Internz, Gained hands-on experience with Google Cloud's Vertex AI platform and tools for building and deploying generative models

Certifications

- Introduction to MongoDB (for students)** - MongoDB (Jul 2025)
- IBM -AI Fundamentals** (May 2024)
- Cisco Networking Academy** - Data Science (Feb 2024)
- Google cloud** - GenAI with Gemini & Streamlit (Nov 2024)
- Google cloud** - GenAI for Data Scientist (Nov 2024)
- Simplilearn** - Python (April 2024)

Extracirricular Activities

- Achievements:** Demonstrated coding skills and problem-solving ability by participating in Codequezt #20 Coding Challenge organized by Naukri Campus (June 2025)

Personal Strength

- Analytical thinking and problem-solving
- Collaboration and teamwork
- Adaptability and quick learner with attention to details
