SKILLS

- **Languages:** Python, SQL, Java, HTML, CSS, JavaScript
- **ML / Data Science:** Machine Learning, Pandas, NumPy, Matplotlib, Scikit-learn
- **Tools:** Git, GitHub, Streamlit, Power BI, Excel, Jupyter Notebook, Google Cloud Platform, Gemini API
- **Databases:** MySQL
- **Soft Skills:** Problem Solving, Communication, Team Collaboration, Analytical Thinking, Adaptability

EXPERIENCE

Software Developer Intern – 360 Ghar (Remote)

Jun '26 – Aug '26

- Worked closely with the engineering team on designing, developing, testing, and debugging software applications and internal tools, contributing to feature development, bug fixes, and performance improvements.
- Participated in code reviews, team discussions, and testing workflows, and supported technical documentation and product/engineering tasks assigned by the reporting manager.

Generative AI Virtual Intern – SmartInternz (Google Cloud)

Sep '24 – Oct '24

- Executed guided projects on Generative AI applications, mastering cloud-based model workflows and AI inference pipelines using Google Cloud technologies.
- Refined prompt engineering techniques to systematically improve output precision and contextual relevance, gaining practical exposure to real-world AI model deployment exercises.

PROJECTS

AI-Powered Retail Recommendation Platform | GITHUB

Apr '25

- Architected a **full-stack e-commerce platform** with hyper-personalized recommendations driven by user browsing behavior and purchase history; resolved cold-start using trending and category-based fallbacks for new users.
- Crafted **REST APIs** and orchestrated seamless frontend-backend communication pipelines, delivering a fluid and responsive user experience across the platform.
- Implemented **user authentication and session management** with secure JWT-based login, enabling personalized recommendation persistence across multiple user sessions.
- **Tech:** React.js, Node.js, Express.js, MongoDB

AI-Based Credit Card Fraud Detection System | GITHUB

Oct '25 – Nov '25

- Constructed an **end-to-end ML pipeline** encompassing data preprocessing, feature scaling, and rigorous benchmarking of four classifiers: Logistic Regression, Random Forest, Gradient Boosting, and SVM.
- Deployed an **interactive Streamlit dashboard** enabling real-time fraud prediction with probability confidence scores and side-by-side model comparison for each submitted transaction.
- Applied **SMOTE oversampling** to handle severe class imbalance in transaction data, significantly improving minority-class recall and overall fraud detection sensitivity.
- **Tech:** Python, Streamlit, Scikit-learn, Pandas, NumPy, Plotly

AI-Powered MCQ Generator

Feb '25 – Apr '25

- Engineered an **automated MCQ generation platform** powered by Google Gemini API, producing contextually accurate, topic-specific questions with structured JSON parsing and exportable question sets.
- Designed an intuitive **Streamlit interface** supporting configurable difficulty levels and automated assessment workflows, streamlining question creation for educators and learners alike.
- Incorporated **topic-wise filtering and bulk export** functionality allowing users to generate, preview, and download structured question sets in organized formats for offline use.
- **Tech:** Python, Streamlit, Google Gemini API

CERTIFICATIONS

- Oracle Cloud Infrastructure (OCI) Data Science Professional – Oracle Sep '25
- Oracle Generative Artificial Intelligence Professional – Oracle Sep '25
- UiPath Certified Professional: Automation Developer Associate (2024.10) – Score: 75 Oct '25
- AI Fundamentals – IBM May '24

ACHIEVEMENTS

- Qualified for the **Agent Builder Challenge (ABC) Round** of Cognizant Technoverse Hackathon 2026 and received a Certificate of Appreciation. 2026
- Earned **multiple industry-recognized certifications** in Artificial Intelligence, Data Science, Cloud Computing, and Automation. 2024–2025

EDUCATION

Meerut Institute of Engineering and Technology (MIET), Meerut, Uttar Pradesh

Aug '23 – Aug '27

Bachelor of Technology – Computer Science and Engineering; CGPA: 8.22

SM Public School, Mawana, Uttar Pradesh

2022 – 2023

Intermediate (Class XII)

SM Public School, Mawana, Uttar Pradesh

2020 – 2021

Matriculation (Class X)
